

2012 FRLMG Awards

Faculty Member	Department	College	FRLMG \$ Funded	Funding Details	Application Summary
Denise Bookwalter	Art	Visual Arts, Theatre and Dance	\$1,300.00		A set of five letters, spelling "touch", was sent to the participants, along with a set of paper. Each participant was challenged to interpret these materials as an edition of prints, reflecting the postdigital and multidisciplinary nature of contemporary artistic practice. The portfolio was organized by Tricia Treacy and Ashley Pigford and includes 21 artists.
Stephanie Leitch	Art History	Visual Arts, Theatre and Dance	\$9,590.00		This application recommends for purchase fourteen volumes of monographs on early modern German printmakers from the series New Hollstein German Engravings, Etchings and Woodcuts, c. 1450-1700.
Theo Siegrist	Chemical and Biomedical Engineering	Engineering	\$1,500.00		This is a crystallographic database covering intermetallic and inorganic materials, acquired in 2009, needs updating.
Sebastian Goerg	Economics	Social Sciences and Public Policy	\$1,000.00		This data helps to explain wage discrimination among migrant workers in China, as it provides control variables for the home provinces of the migrant workers.
Stefan Norrbin	Economics	Social Sciences and Public Policy	\$2,671.20		The research focuses on studying linkages between industries across countries. I need detailed disaggregated data for industries within countries. The ISY data set has this and is also useful for other faculty and graduate students in Social Sciences and Business.
Xiaojun Yang	Geography	Social Sciences and Public Policy	\$3,520.00		Acquiring a super-high resolution satellite image covering part of the Apalachicola Bay, Florida in support of urban feature mapping and coastal wetland identification.
Ayesha Khurshid	Educational Leadership and Policy Studies	Education	\$12,000.00		Funding is requested for library materials to support a multidisciplinary research initiative aimed at better understanding of the role that culture, religion, and politics play in shaping educational policy and practice in the Muslim world.
Debra Osborn	Educational Psychology and Learning Systems	Education	\$3,804.78	Books purchased, assessments not covered by grant	Demand for career counselors has escalated in recent years due to a prolonged economic recession. Grant will fund acquisitions essential to examining career counselor competencies.
Irena Hutton, Jay Kesten, Manual Utset	Hutton - Finance/Buiness; Kesten and Utset - Law	Business and Law	\$7,500.00		Voting Analytics is a database containing the outcomes of shareholder (including institutional investors) votes on miscellaneous corporate polity items (director elections, executive compensation, mergers, financing, etc.). It covers Russell 3000 firms over 2004-2012. It does not require annual subscription.
Yi Zhou	Finance	Business	\$8,500.00	Matching funds provided	The daily CDS data of six different maturities--1, 2, 3, 5, 7 and 10 years--from January 2001 to the present--of 500 industrial firms; the most comprehensive CDS dataset available; of vital importance to a major pipeline of my research which includes two papers currently in the Revise and Resubmit state for top finance journals.

Danling Jiang	Finance	Business	\$9,460.00	Matching funds provided, two year subscription funded	The proposal is seeking funding to purchase the CRSP Survivor-Bias-Free US Mutual Fund Database useful for research by faculty and students in finance, accounting, management, economics, and law.
Banghao Chen	Chemistry and Biochemistry	Arts and Sciences	\$4,200.00		This grant proposal is for the purchase of the latest NMR reference books in order to support the scientific research, teaching and students' training.
Charles Upchurch & Andrew Frank	History	Arts and Sciences	\$1,836.00		Collection consists primarily of correspondence of a major planter who also acted as agent for the colonial interest.
Rafe Blaufarb	History	Arts and Sciences	\$2,375.00		Obtain missing reels of microfilm to complete Strozier's run of US Secretary of State letters (1815-1830) for book project on Latin American insurgent privateering.
Peter Garretson & Kurt Piehler	History	Arts and Sciences	\$13,500.00		Both the WWII Institute and the Middle East Center need more research materials on WWII in the Middle East. These microfilm are key to help fill this gap in our library.
Giray Okten	Mathematics	Arts and Sciences	\$1,125.00		We are asking for funds to purchase data that will help us calibrate and compare our financial model predictions with the real world data.
Yanning Wang	Modern Languages and Linguistics	Arts and Sciences	\$1,320.00	One year subscription funded	I am applying for \$3960 to fund a three-year subscription to the "Bibliography of Asian Studies."
Silvia Valisa	Modern Languages and Linguistics	Arts and Sciences	\$5,381.00		After a first round of funding to purchase publications of Italian publisher Sonzongo, I propose to enhance the FSU Sonzogno Fund via the purchase of 22 more printed texts and 82 rolls of digitized periodicals, so as to situate FSU as one of the main US research resources on it. The material will be essential to my research on Sonzogno, including the Digital Metadata Repository I am currently creating.
David Levenson	Religion	Arts and Sciences	\$3,836.28		Microfilms and digitized images of 19 manuscripts of the Latin translation of Josephus' Jewish Antiquities and Jewish War for research on articles and critical edition.
Steve McDowell	School of Communication	Communication and Information	\$1,705.93		The proposal seeks to build the university collection to support research in South Asian Media Studies. This region has vibrant growing media and communication activities, as well as many publications in English from scholars in the region and elsewhere.
Cara Pappas		Nursing	\$70.00	Book purchased, assessments not covered by grant	This grant will fund resources for original research being conducted with underserved chronic disease population and health outcomes.
Charles Brewer		Music	\$6,058.80		Obtain scans of manuscripts and early printed editions to demonstrate how traditional studies of sources and documents can be utilized to examine deeper cultural meanings.
