

2014 Bradley Awards

Faculty Member	Department	College	Bradley \$ Approved	Title	Application Summary
Denise Bookwalter	Art	Visual Arts, Theatre and Dance	\$11,018.99	Alternate Structures in Contemporary Artists' Books	Contemporary artists' books utilize a wide variety of book binding structures to complete their conceptual and visual narratives. The set of artists' books requested with this grant explore some unique structures in books published at small presses within the past three years.
Banghao Chen	Chemistry and Biochemistry	Arts and Sciences	\$6,076.00	Important Reference of Nuclear Magnetic Resonance (NMR)	This grant proposal is for the purchase of useful NMR reference (book, database) in order to support the scientific research, teaching and student's training.
Jessica Clark	Classics	Arts and Sciences	\$1,171.00	Military Service in the Roman World: Ideology and Legacy	Request for reference materials related to the post-Classical interpretation of Roman warfare, for a study on Roman martial ideologies and their contexts.
Shengli Dong	Educational Psychology and Learning Systems	Education	\$2,967.11	Mindfulness Practices and Mental Health	Funding is requested for library materials to support a multidisciplinary research initiative aimed at better understanding roles of the mindfulness practices on mental health issues.
Andrew Epstein	English	Arts and Sciences	\$1,500.00	Intransit: New York School Poets, Andy Warhol, Lou Reed and the Velvet Underground	A rare literary journal featuring New York School Poets, Andy Warhol and his circle, and Lou Reed and Velvet Underground musicians side by side.
Steven High	The John and Mable Ringling Museum of Art	Visual Arts, Theatre and Dance	\$7,500.00	Museum Studies & Museum Education at The Ringling	Library material to support research and instruction relating to new MA and PhD programs in Museum Studies and Museum Education at The Ringling.
Charles Hinnant	School of Information	Communication and Information	\$8,100.00	The Impact of Leadership Networks in Court Adoption of Information Technology	This grant will fund a one-year subscription to Leadership Library and Leadership Networks. These directories will be used to develop large-scale samples to survey state-level court decision makers and their stakeholders to examine how courts adopt Information Technologies and how this adoption will impact court stakeholders.
Debra Osborn	Educational Psychology and Learning Systems	Education	\$564.00	Career and Mental Health: Connecting the Dots	Research has begun to link mental health issues with career decision-making difficulties. This grant would fund tools to help further explore this connection.
Zeina Schlenoff, Defne Bilir	Modern Languages and Linguistics	Arts and Sciences	\$3,500.00	Reel Arab Women	We are requesting films by and about Arab Women to analyze the politics of gender representation in films and to conduct interview investigations to evaluate perceptions.
Guangzhi Shang, Hannah Stolze	Marketing	Business	\$5,500.00	Mergent Horizon	Mergent horizon data contains a comprehensive description of supply chain partners of publicly traded companies. When combined with other publicly available firm performance data, it enables a whole stream of supply chain management research that is otherwise impossible to do.
Michael Shatruk	Chemistry and Biochemistry	Arts and Sciences	\$1,200.00	Alloy Phase Diagram Database for Discovery of New Intermetallic Materials and Magnets	The electronic phase diagram database will be crucial to a number of groups at FSU who work on the synthesis of new intermetallic materials and magnets.

2014 Bradley Awards

Faculty Member	Department	College	Bradley \$ Approved	Title	Application Summary
Tim Stover	Classics	Arts and Sciences	\$1,011.29	Epic Poetry of the Early Roman Empire	I seek books that focus on the epic poetry written during the Early Roman Empire, which is the topic of my second book project.
Shelbie Witte, Ekaterina Rybakova, Pam Doffek	School of Teacher Education	Education	\$3,900.00	Building Access to Non-Fiction Literature for Young Adults	We are seeking funding to rebuild the non-fiction young adult literature collection in the Goldstein Library. The new collection will meet program needs in teaching as well as research in the area of non-fiction and informational texts with students in grades 6-12.
Xiaojun Yang	Geography	Social Sciences and Public Policy	\$2,895.00	Acquiring Normalized Demographic Data & Estimates to Support Geographic Research	Acquiring a normalized demographic dataset with the latest estimates and predictions in support of geographic and environmental research.
Yi Zhou	Finance	Business	\$13,000.00	Option Metrics IvyDB US Option Dataset	IvyDB US is the industry standard database of comprehensive historical option pricing data and implied volatility calculations and Greeks for the US listed options markets. It is important to my research and a PhD student's dissertation which include six papers to be submitted to the top finance journals in the next two years.

Note. The committee approved the allocation of the remaining \$30,000 to fund the next installment of sections 9-12 of the Nineteenth Century Collections Online. This collection is an important research source for faculty and graduate students in the humanities.
