

**Fall 2020, FSU Special Attendance Requirements Regarding First-Time International Students (Suggested Syllabus Statement)**

All students are reminded to familiarize themselves with the FSU Attendance Policy and specific attendance policies for all courses in which they are registered. Many courses require attendance, regardless of course modality (in-person, hybrid, remote, distance learning, etc.).

In addition, first-time international students are reminded that failure to attend the required in-person portion of their FSU courses may lead to loss of their student visa due to federal mandates.
