

Name	Department	College	Amount Request	Application Title	Summary
Denise Bookwalter	Fine Arts	Arts and Sciences	\$11,650.00	Structure and Process in New Artists' Book Publications	I request a series of newly published artists' books with unique structures and print processes to aid my research with experimental and collaborative artists' books.
Jeong Ho Kim	Finance	Business	\$15,200.00	On the role of institutions in asset market movements	Morningstar Direct allows you to explore timely data form nearly every investment universe. Importantly, with the granular fund flow and holding data, you can shed light on how flow into and out of mutual funds impact their trades, which in turn impact returns across asset classes. It will be a useful database to many business researchers.
Weiwei Lou	History	Arts and Sciences	\$34,620.00	Erudition Database of Chinese Classics Ancient Books V8.0	The grant will purchase the license for one concurrent user of the Erudition database of Chinese Classics Ancient books
Helen Mahoney	Public Health	Social Sciences and Public Policy	\$7,325.00	Docuseek Health and Health Care Collection Streaming Video Database	The public health program offers both undergraduate and graduate degrees in public health. The requested video database will greatly support student learning and faculty research.
Mary Matthews	Wind/Brass/Percussion	Music	\$3,538.05	Flute Music by Women Composers from 1985-2023	The purchase will support performance, scholarship, and pedagogy surrounding flute music by prominent women composers from 1985 through 2023.
Meredith McQuerry	Retail Entrepreneurship	Jim Moran College of Entrepreneurship	\$5,251.00	Acquisition of the Textile Technology Complete Database	Access to textile science literature at FSU is currently limited. The Textile Technology Complete database includes 42 active full-text, non-open access journals, 181 active indexed and abstracted journals, and 113 active peer-reviewed indexed and abstracted journals. Among this coverage are the highly coveted research publications the AATCC Review, backfilled to 2001 (V1;I1), and the Textile Research Journal.
Michael Shatruck	Chemistry & Biochemistry	Arts and Sciences	\$6150.00 (w/\$500 matching funds)	Acquisition of Comprehensive Inorganic Chemistry III	We seek acquisition of a 10-volume "Comprehensive Inorganic Chemistry III" e-book to support research on inorganic chemistry and related field on the FSU campus.
Silvia Valisa	Modern Languages & Linguistics	Arts and Sciences	\$8,000.00	"Il Secolo" Daily Digital project	I am applying for \$8,000 (\$7,942,54 as per today's exchange rate) to fund the final installment of the digitization of the Italian newspaper "Il secolo" (1921-1927) and its completion (missing issues)
